

Event Team Volunteer

Outreach is a faith-based nonprofit organization in Indianapolis, Indiana, that reaches out to homeless young men and women (14-24) with the compassion of Jesus Christ. Our goal is to equip and empower these at-risk young people to achieve stability and life transformation.

Advocacy is one of Outreach's core values and this role will allow us to champion our youth by normalizing their high school experience. Events offered throughout the academic year and beyond allow our youth to rest and give them experiences that their peers often take for granted.

What will I be doing? Outreach is looking for a team member to provide support behind-the-scenes during various events. Events include campus tours, college visits, Graduation Party, Senior Pictures, College Night, Prom shopping, and more! This position will be required to provide background support to our youth, staff and event hosts.

This role requires flexibility and adaptability to the event needs. The team member would need to be able to work independently as well as comfortable with the following:

- Transporting youth to and from the event location (pick-up and drop-off locations will vary by event)
- Pick-up and serve food to our youth and event team hosts
- Set-up, tear down and decorate the event space as necessary

Schedule

- ❖ Minimum event requirement is 1 event per quarter. Shifts and event durations will vary but events are routinely held on weekends. Ability to commit to at least 2 hours during an event.

What is the address where I will be volunteering? Event sites will be located across Indianapolis, details will be provided by Team Leads prior to event.

Will I be trained? Yes... your Team Lead will equip and empower you to feel comfortable and confident in your role, however, this role does require an ability to work independently without much oversight.

Are there any physical requirements to volunteer? No

Are there additional requirements for this role? Yes...you are making a commitment to participate as part of a larger team, which carries with it a responsibility to be able dedicate yourself to the role. This position will also require on-going oversight from your team lead as well as participation in required trainings. Team member will also need to carry insurance, have a good driving record, and have reliable transportation. Annual background check clearance is also an on-going requirement for volunteering.

Who do I contact if I want to get involved or ask questions? Simona Reising (812) 455-3312 or myoutreachindiana@gmail.com.
