

# PROGRAM CENTER TAKEOVER

## GROUP VOLUNTEER ACTIVITY

*Fully immerse your group into the daily operations of our Program Center. Depending on your focus for the day, this is a great opportunity to engage with youth and get a better understanding of what our staff and volunteer staff do each day to best serve youth.*

### **WHAT ARE WE DOING?**

This will depend on the needs of the day your group chooses to volunteer. You could be serving meals, organizing the clothing and food pantries, and/or counting and stocking inventory of our donation room. The most important thing you'll do during this time, however, is taking time to engage with youth by having conversations, playing games, or sharing a meal.

### **WHERE ARE WE DOING IT?**

This activity will take place at our Program Center, located at 2416 E New York Street. If your activity includes the preparation of food, please know that all food served at the Program Center must be prepared in our kitchen.

### **HOW MANY PEOPLE DO WE NEED?**

There is no maximum size for this group, but if part of your group is interested in preparing and serving meals, we ask that there be no more than five individuals in the kitchen at a time.

### **ARE WE GOING TO HAVE FUN?**

Yes! Every time you volunteer at Outreach, don't forget that what you are doing is truly helping the youth we serve. Always remind yourself and your group that you are doing something incredible. Take photos and videos of your work and your group to share on your social feeds, and be sure to tag Outreach in your posts!
